- LeetCode: omi17
- Codechef: omi_17
- Hackerrank:Omjee

Career Goal

Seeking a job opportunity in the field of computers and research, where I can apply my knowledge and skills for continuous improvement, where I can contribute to the mission of my future employer.

Skills

- Languages : **C/C++**
- Fundamentals: **Data Structures**, **Algorithms**, **OOP** ,DBMS
- Database: MySQL
- Web: HTML, CSS, **JavaScript**, Nodejs, Expressjs
- Software: Visual Studio Code, Postman

Honors & Achievements

- **6 star** rated in **Problem Solving** in Hackerrank
- **5 star** rated in **C++** in Hackerrank.
- **3 star** coder at **CodeChef**.
- Solved more than **300+ questions** on **Leetcode**.
- **1st Rank** in Scaler Edge Apex organized by **Scaler** in College and **among top 1000** overall.
- **1st Rank** Data Structure Course among **200 students**.
- Won many Technical Events at College Level.

Personal Interests

- Sketching and Painting
- Gaming
- Photography

Work Experience

Teaching Assistant

Coding Ninjas India | April 2020 -August 2020

- **Resolved 1000+ doubts** of students enrolled in course of Introduction of C++**, data structure and algorithms** in C++.
- Taken doubts of students two hours daily for **six days** in a week.
- Monitored performance regularly to make sure that students are completing the lectures and assignments on time.
- In my whole tenure, I was monitoring the performance of **42 students.**

Projects

ApnaBazaar

- Built a **full-stack web app** that allows users to shop products from **three categories i.e smartphones, laptops, and fashion**.
- Created **REST APIs** for **CRUD** operations.
- Features Provided: **Wishlist**, **Add to cart**, and **Checkout**.
- Tech and Tools : **HTML**, **CSS**, **JavaScript**, **Nodejs**, **Expressjs**, **MySQL**, **Sequelize** and **Postman**.

Academic Background

Inderprastha Engineering College

Bachelor of Technology (Computer Science Engineering) | 2018-2022

- Affiliated to Dr. A.P.J Abdul Kalam University
- **CGPA-8.15**

Certification

Coding Blocks

- Full Stack Web Development with NodeJS
- Competitive Programming

Coding Ninjas India

- Introduction to C++
- Data Structures and Algorithms in C++

Coursera

- Introduction to HTML 5
- Introduction to CSS 3
- Advanced Styling with Responsive Design
